RE: Beneficial Use of Radio System

Mr. Salasek,

This letter is to confirm that RACOM Corporation has successfully deployed the P25 Emergency Services Radio System expansion and is currently in use for essential emergency services for Marshall County. The beneficial use indicates the beginning of the Year 1 Warranty Period of the System, effective January 1<sup>st</sup>, 2023, through December 31<sup>st</sup>, 2023. Year 2 through 10 of the extended system maintenance per the contract will commence on January 1<sup>st</sup>, 2024.

**Additional tasks that will be conducted**

The Coverage Acceptance Test Plan for RSSI and BER was completed in the month of September 2022.

The results of the coverage acceptance test, a completed punch list, and the final system documentation package will be presented to Marshall County on or before January 31<sup>st</sup>, 2023. After Marshall County reviews and approves of the final testing and documentation package, the final 10% payment for the project will be invoiced by RACOM

**Marshall County**

**RACOM Corporation**
