RE: Marshall County, Iowa P25 expansion and DiCal paging Final System Acceptance

Mr. Salasek

This letter is to confirm that RACOM Corporation has successfully completed all items for Final System Acceptance of Marshall County's P25 Radio System Expansion and DiCal paging.

Additional items and tests that have been conducted:

Sets of As-Built Documents were delivered Electronically to Marshall County on January 31st, 2023

The test of Marshall County's Digital Paging System was completed September 23, 2022.

30-Day Test began Tuesday, October 4th, 2022, by bringing the Marshall County Sheriff Office radio users on to the new P25 sites. The 30-Day test was completed on Thursday, November 3rd, 2022. Burn in test was completed successfully.

The Coverage Acceptance Test Plan for BER and paging was conducted Monday, September 26th, 2022, through Friday, September 30th, 2022. The test results showed a pass for coverage for both the P25 and DiCal systems.
