

Marshall County Board of Supervisor's

Marshalltown, IA

Substance Abuse Treatment Unit of Central Iowa

June 13, 2023

RE: Letter of Support

The Substance Abuse Treatment Unit of Central Iowa (SATUCI), would like to address the Marshall County Board of Supervisors to provide an update on the projected increased and enhanced services planned for the coming year. SATUCI will be providing these services to residents of Marshall County who need expanded Substance Use and Mental Health services specifically addressing Co-Occurring mental health programming.

SATUCI will be applying for State and local grants to support services and building accommodations. SATUCI is requesting a letter of support from the Marshall County Board of Supervisors to provide funders with documentation of the County's commitment to increased Behavioral Health services available throughout the County.

Sincerely, Jenny Etter, Executive Director
