Public Forum

Harold Lanning presented concerns about the locations of the sirens in the Siren Project not reaching the homes in the area of Vine Ave to Wallace Ave, including the Green Mountain area. Lanning stated that there were 156 homes, 2 churches, 1 school, and 1 community center along this path. The Board of Supervisors and Kim Elder with Marshall County Emergency Management ensured Lanning that there will be a phase two of this project and that phase one is what they are currently working on. Harold Lanning also made a comment regarding the stop sign at East Main Street and Zeller Avenue not being abided by the public as well as the county deputies. Rhonda Braudis Marshall County 911 Communications Director spoke in response to Mr. Lanning's comment regarding the stop sign on East Main Street and ensured Mr. Lanning that deputies are not ignoring the stop sign but would have been on their way to a call and encouraged Mr. Lanning to call dispatch with his concerns in the future.. George Haywood voiced concerns about the tile on his farm ground plugging up and the lack of support from the county to fix the water problem on his property. Haywood would like an 18-inch tile placed from the bridge to the culvert on his property. Haywood is not currently in a Drainage District. Kim Elder Marshall County EMA Coordinate announced that the Siren bid decision will be placed on the next Board of Supervisors meeting agenda on August 16th, 2023.

Adjournment. The next regular session is, August 16th , 2023, at 9:00 a.m. All business to be acted upon at that session should be submitted to the County Auditor and Recorder's Office or the Board of Supervisors' Office by Wednesday, August 9th, 2023, at 12:00 p.m. There being no further business to come before the Board, the meeting is adjourned at 9:35 a.m.
